Platform and Resolutions of the Silver Party of Nevada.

PLATFOM AND RESOLUTIONS.

The Silver Party of Nevada in convention assembled at Carson City, on the 4th day of September, 1894, declare that platforms should assert cardinal principles of political faith concerning a question of political interest and moment without equal claim or even mention. We hold that it has demonstrated that these principles are right and equal to all and their observance necessary to secure the welfare and individual happiness for which this Government was established.

SILVER.

We deny the right or authority of the Government of the United States to pass any law restricting or abridging the privilege of a citizen to the free coinage of silver into standard money at a legal ratio of 16 to 1, independent of any other nation, whatever may be the result of a final decision arbitrating that right.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the public the enjoyment of the benefit which was the consideration of the grant, or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

dwarfed by the demonetization of silver to the great injury of every laborer, producer and tradesman in the nation.

The withdrawal of money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as issued directly by the National Government and nothing should be money but gold, silver and Government paper.

We favor the redemption of Government bonds and the prohibition of any further issue thereof in time of peace.

We demand the abolition of National banks.

We demand the collection of the indebtedness of the Pacific railway companies to the United States at maturities without any extension of time or change of terms and conditions.

A public office is a public trust. No person or party should be entrusted with this once violated trust. Every citizen should contribute to the support of the Government in proportion to his means and in accordance with the necessity of good government, but no Government should augment its burden or enlarge its necessities by unnecessary needless interest saving debt-making or less expenditures, or by failing to promptly collect what is justly due, whether it be a loan, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the public the enjoyment of the benefit which was the consideration of the grant, or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

We demand that no law shall ever limit or restrain or abridge the use and use of our national resources and we guarantee to the people of our country the right to enjoy the full use of all property that they have acquired. We hold that the use of millions of human resources and innumerable millions of dollars of mineral wealth in the mountains and deserts of the West and in the great river system, happily and abundantly, is the entire we claim for the people of the West. Labor should be fairly paid for its work and the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work. We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work. We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We denounce the purchase and sale of Elective Franchise as destructive of our liberties and treason to our Government. We demand the disfranchisement of both parties to the crime, and the punishment of the prisoner by fine and imprisonment. The franchise once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in this State would be a blot upon the people and would result in financial and moral degradation. Therefore, in the language of our constitution, "No lottery ticket shall be authorized by this state nor shall the sale of lottery tickets be allowed." We condemn in equal terms all lotteries.

We demand the abolition of National banks.

We demand the collection of the

indebtedness of the Pacific railway companies to the United States at maturities without any extension of time or change of terms and conditions.

We are unalterably opposed to the ratification of the proposed amendment to Section I, Article II of the constitution of our State wherein it ignores all questions of amnesty to persons who after a period of time of eighteen years bear arms against the United States Government, if the reason that the same is un-American, is spite and contempt to the democracy already extended to such persons for over thirty years, and we therefore recommend to the voters of the State to vote No on this proposition.

schools.

We are justly proud of the public schools and State University of Nevada; we believe they should be fostered and protected above all other institutions, as upon them rests the perpetuity of the Government and the securities of our liberties. We are in favor of such legislation as will increase the efficiency and raise the standard of the public schools and State University.

We demand Government ownership of telegraph lines and Government subsidized railroads.

We demand that no law shall ever limit or restrain or abridge the use and use of our national resources and we guarantee to the people of our country the right to enjoy the full use of all property that they have acquired. We hold that the use of millions of human resources and innumerable millions of dollars of mineral wealth in the mountains and deserts of the West and in the great river system, happily and abundantly, is the entire we claim for the people of the West. Labor should be fairly paid for its work and the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work. We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

We demand that the laborer should receive a fair day's wage for a day's work, and that the laborer deserves a fair day's wage for a day's work.

worthy of the endorsement of every patriotic citizen of our State.

Resolved, That as large contributions are made by the General Government in improving the harbors and rivers of the coast states and the agricultural states of the Ohio and Mississippi valleys equity and justice demands similar appropriations for public uses in the arid region, and that we call on the General Government for liberal appropriations for storage and conserving at their source the waters of the streams and rivers of the arid region. This being done the reclamation of arid lands can be conducted by the State or by private enterprises.

Be it resolved, That the Silver Party of Ormsby County endorse such and every plank of the platform accepted by the Silver Party of Nevada in the state convention held at Carson Sep. 4, 1894.

That it congratulates the voters and taxpayers of Ormsby county upon the fair and efficient manner in which the nominees of 1892 have performed the duties in their respective offices, thereby enabling the Silver Party of Ormsby to keep every plod made to help up the equity in its party platform prior to election.

Since the accession of the party to the management of county offices there have been no scandals and no investigations by grand juries while the settling of fraudulent contracts in the interest of county officials has been wholly done away with.

Each department of the County Government has been honestly and economically managed, with actual saving to the taxpayers of nearly \$10,000 per annum for the past two years.

Under these circumstances the Silver Party of Ormsby feel justified in again demanding the support of the voters and taxpayers of the county at the forthcoming election.

Resolved, That this Party on qualifiedly endorses the action of Hon. John E. Jones in withdrawing from a party who, while professing to be the friend of silver in its State platforms, has persistently caused its representatives in Congress to bow to the mandates of Wall Street.

This Convention denounces as dishonest, basing and inconsistent the demand for his resignation by the Republican State central committee of Nevada, who by their logical and impudent demands for the withdrawal from the Senate of the United both continents as one of the leading silver exponents of the World, have cast aside the miserabile mask of monometallism that has so long covered the face of the Republican party of Nevada.

Resolved, That should a vacancy occur in the office of the U. S. Senator from this State which would be necessary to fill at the next meeting of the Legislature, that the vote of the Legislative nominees of this convention is hereby pledged to the Hon. John E. Jones, to fill the unexpired term.

That we endorse the able and conscientious efforts of Senator Stewart and Congressman Newlands in behalf of the white metal in Congress.

We are in favor of an amendment to the Constitution of the United States providing for the election of United States Senators by a direct vote of the people of their respective States.

We demand the exclusion of foreign immigration, and demand the exclusion of pauper and contract labor.

The able and efficient services

of senators Stewart and Jones and

Congressman Newlands in the

Congress of the United States in

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery of short headache, dizziness, dullness, confusion of the mind, etc., are due to disease of the nerve centers which supply the brain with nerve force that indulges in spinal, cerebral, wind, stomach, heart, and other diseases—angina pectoris, heart disease, rheumatism, etc., are many diseases of the brain and nerves. The nerve system is the most important part of the body.
